# Notes:

- 1 S1-1~S1-10: Band switch in "FM" position
- 2 S2: Band width switch in "WIDE" position
- 3 S3-1, S3-2: BFO switch in "OFF" position
- 4 S4: Display switch in "ON" position
- 5 S5: Light switch in "OFF" position
- 6 S6: Power switch in "ON" position
- 7 S6: AC/BATTERY switch in "BATTERY" position
- 8 S9: Voltage selector (RF-2600B only)

- 9 For resistors and capacitors, using chips except \* mark
- 10 DC voltage measurements are taken with electro  
( ) FM position ☐ MW position
- 11  $\Delta$  indicates that only parts specified by the manu  
facturer be used for safety
- 12 Battery current No signal 55mA  
Maximum output 600mA
